

A woman with long dark hair, wearing a dark hat and round glasses, is smiling and holding a harmonica. The image is overlaid with a blue tint.

CASCHA®

Passion For Music

Harmonica Catalog 2023

www.caschamusic.com

DIATONIC HARMONICAS are the most popular harmonicas. Diatonic harmonicas or blues harps are tuned to a major scale and are available in different keys. Their construction enables playing techniques such as bendings and overbendings, which extend the range and create the legendary and unique sound. Popular genres are Folk, Blues, Pop, Country, Rock.

CHROMATIC HARMONICAS are also tuned in a major key, but offer all the notes of the chromatic scale at the touch of a button, without the player having to use special playing techniques. Popular genres are Classical Music, Jazz, Pop.

TREMOLO HARMONICAS are tuned to a major scale. Two reeds per note, slightly out of tune, create a warm, pulsating tremolo effect. They are not suitable for playing techniques such as bending, but are ideal for simple chords and melodies. Popular genres are Folk Music, Evergreens, Celtic Folk Music.
